ABOUT US

The manufacturers of Auto Flow Baby Products have over 72 years of experience in baby products, earning accolades from distributors and retailers. We are recognized for our strong technology, rich infrastructure, and all-in-one-roof operations, ensuring superior quality.

All products are manufactured in-house using modern technology under strict quality control. We hold an ISI license and maintain a quality testing lab as per The Bureau of Indian Standards. Our feeding bottles, made with world-class Japanese technology, and anti-colic silicone teats, crafted with high-quality German technology, ensure the best experience for babies.

With a Pan-India distribution network and exports to 15 countries, Auto Flow is India's fastest-selling and most loved brand. Our strong service network, managed by professionals, drives national-level growth.

With decades of expertise and advanced infrastructure, our team delivers innovative, high-quality baby products.

At National Baby Products, we believe: "Ability and Capability to Deliver" is the key to success.

India's most loved
baby care brand,
blending world-class technology
with trust, quality, and
global excellence
